Tired of lying in the sunshine staying home to watch the rain. You are young and life is old and you have time to kill today. And then one day you find ten years have got behind you. No one told you when to run, you missed the starting gun. Every year is getting shorter, never seem to find the time. Plans that either come to naught or help a page of scribbled lines. Hanging on in quiet desperation is the english way. The time is gone the song is over, thought I'd have something more to say.

The recurrence of two dreams became so real
 that now it seems its just a game that must be
 played the winners win the losers trade their
 lives in for a worthless grade

The winners find themselves amid another game
 where losers trade the winners must play up to
 date lest they die a losers fate.

Once in a vision
 I came on some woods
 And stood at a fork in the road
 My choices were clear
 Yet I froze with the fear
 Of not knowing which way to go
 One road was simple
 Acceptance of life
 The other road offered sweet peace
 When I made my decision
 My vision became my release.

You are not locked in that body of yours. Your mind can soar and join other minds. Do not be afraid to explore the dynamic potentiality of all things in the universe. Quest ever on. To know, feel and be all that you possibly can. Become a part of the ethereal and look down upon the earth as it plays its part in the cosmos.
